

PUMPS

Our manufacturing facilities include casting, forging, machining, assembly and testing shops and are considered the best in comparison with other pump manufacturers around the world. The excellent facilities and skilled manpower translate into high production efficiency. Because we have supplied pumps of the best quality all over the world in a timely manner, we have made a name for ourselves among clients at home and abroad.

VERTICAL MIXED/AXIAL FLOW PUMP

FEATURES:

- > Size: 350 ~ 3,500mm
- > Capacity: 1,000 ~ 93,000 m³/h

MAJOR APPLICATIONS

power plants:

- > Cooling Water Pump
- > Circulating Water Pump
- > Sea Water Lift Pump

desalination:

- > Seawater Intake Pump
- > Brine Recirculation Pump
- > Brine Blowdown Pump
- > Distillate Pump

irrigation and drainage pump

VERTICAL MULTI-STAGE (Barrel) PUMP

FEATURES

- > Size: 200 ~ 1,500 mm
- > Capacity: 200 ~ 28,000m³/h

MAJOR APPLICATIONS

power plants:

- > Condensate Extraction Pump
- > Hot Water Pump

desalination:

- > Brine Recirculation Pump
- > Brine Blow,
- > Down Pump

distillate pump

pipeline booster and product unloading pump

VERTICAL DOUBLE SUCTION PUMP

FEATURES

- > Size: 300 ~ 2,000 mm
- > Capacity: 600 ~ 40,000 m³/h

MAJOR APPLICATIONS

power plants:

- > Main Circulating Pump
- > Aux. Circulating Pump

VARIABLE PITCH VANE PUMP

FEATURES

- > Size: 900 ~ 4,000 mm
- > Capacity: 8,000 ~ 130,000 m³/h

MAJOR APPLICATIONS

- > Power Plants
- > Desalination Plant
- > Other Water Works
- > LNG Receiving Terminal

HORIZONTAL DOUBLE SUCTION PUMP

FEATURES

- > Size: 200 ~ 1,800 mm
- > Capacity: 100 ~ 28,000 m³/h

MAJOR APPLICATIONS

- > Water Intake Pump
- > Circulating pump
- > District Heating Pump
- > Feed Water Booster Pump
- > General Industries

HORIZONTAL MIXED/AXIAL FLOW PUMP

FEATURES

- > Size: 500 ~ 1,500 mm
- > Capacity: 1,250 ~ 20,000 m³/h

MAJOR APPLICATIONS

- > Rainwater Drainage Pump
- > Agriculture Pump
- > General Industries

HORIZONTAL HIGH PRESSURE PUMP

FEATURES

- > Size: 2,000 ~ 4,000 mm
- > Capacity: 40,000 ~ 130,000 m³/h

MAJOR APPLICATIONS

- > Circulating Water Pump

HORIZONTAL HIGH PRESSURE PUMP

FEATURES

- > Size: 50 ~ 600 mm
- > Capacity: 40 ~ 6,000 m³/h

MAJOR APPLICATIONS

- > Boiler Feedwater Pump
- > Water Injection Pump
- > Steam Generate Pump
- > Descaling Pump
